WHO IS JASON "FREEBIRD" FREEMAN?

My name is Jason Lee Freeman. I help men overcome their past and destroy the family legacy of their ancestral traumas. I've developed and designed the program "Champion Soul" to help others overcome and empower themselves all at the same time with the same move, by Deciding to Fight.

I am a former Professional Boxer, a Mixed Martial Artist, and a Cage Fighting Champion. Deciding to fight life at the right moments can be difficult. I faced a tragedy when I lost my father, Charles Manson, Jr. passed away in June of 1993 when I was just a freshman in high school, and that shook my world.

TESTIMONIALS

My friend Jason Freeman is a spirit filled man. We met at the church we attend (Bayside Community Church) several years back. He's a good example of what a Christian man with a relationship with Jesus should be. He's active and involved with the church.

He has a passion for helping to instill strong sense of confidence through faith in youth programs he leads. I consider him a true friend and someone I can call on at any time.

I've know Jason "Freebird" Freeman for 25+ years. First and foremost, I feel blessed to be able to call him my friend! In fact, I remember meeting him for the first time when he was in high school at my cousin's house.

As some of you may or may not be aware, Jason has been through a tremendous amount of adversity in his life. I tip my cap to him as he has continued to persevere through life and made a commitment to himself, his family and God to be the best human being he can be. He's proven to be a rock. I know that he continues to give back to his community and strives to be the best father, husband, friend, and mentor.

He has great admiration for kids, family, community and God. Open your heart and join Freebird in his journey!

Above all, I love that guy and am blessed to call him my friend!

My name is Grant Schuchmann and I'm a Marriage Coach. I remember sitting with Jason the first time we met in the center of his boxing ring.

I was at a point in my life where I was looking for breakthrough in my health, my family, and in my career. After spending time with Freebird and working with him 1 on 1, I have lost weight, improved my overall health, and found myself in a fulfilling place of earning more money.

If there is anyone who is the image of what it means to break free, overcome the past, and move into the future with mental fortitude and physical power, it's Jason Freebird Freeman.

Jason is a major source of inspiration, faith in Jesus, encouragement, tools, and friendship.

If you're looking to push forward through the tough spots in life - reach out to him. If you haven't taken the time to work with him personally - reach out to him. He will make a difference in your life. He is a Champion Soul.
